

Artigo de Comparação de Frameworks

1. Qual dos dois foi mais rápido de desenvolver?
 - a. O Desenvolvimento usando o framework de Bootstrap, por eu já me familiarizar com esse framework foi mais fácil de ser desenvolvido
2. Qual dos dois tem mais consistência de design?
 - a. Ambos possuem muitas consistência e facilidade para serem desenvolvidos
 - b. Em um projeto de front-end, os dois trabalhando juntos um preenche a lacuna do outro
3. Qual dos dois foi mais fácil de aprender?
 - a. O Bulma foi rápido para entender como funciona, mas isso também se deve a eles terem jogos de palavras bem parecidos

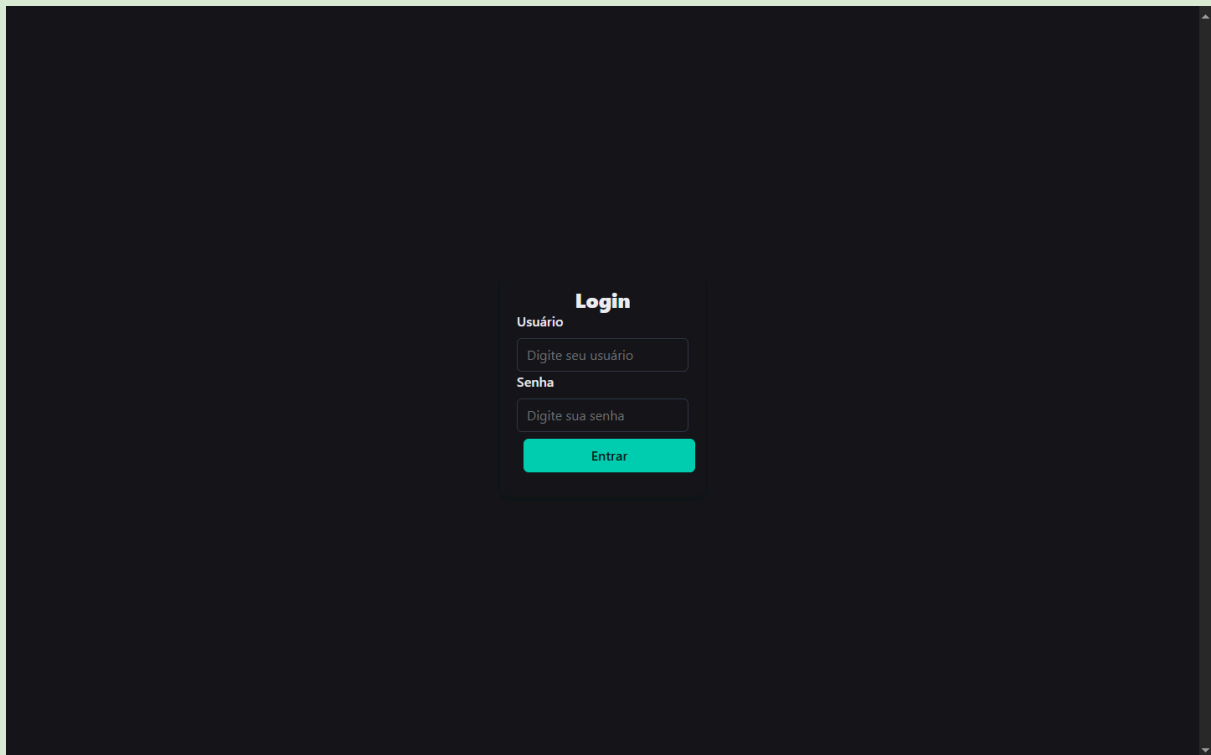

****Um foi feito em modo claro e outro modo escuro****

TELA DE LOGIN
BOOTSTRAP ->

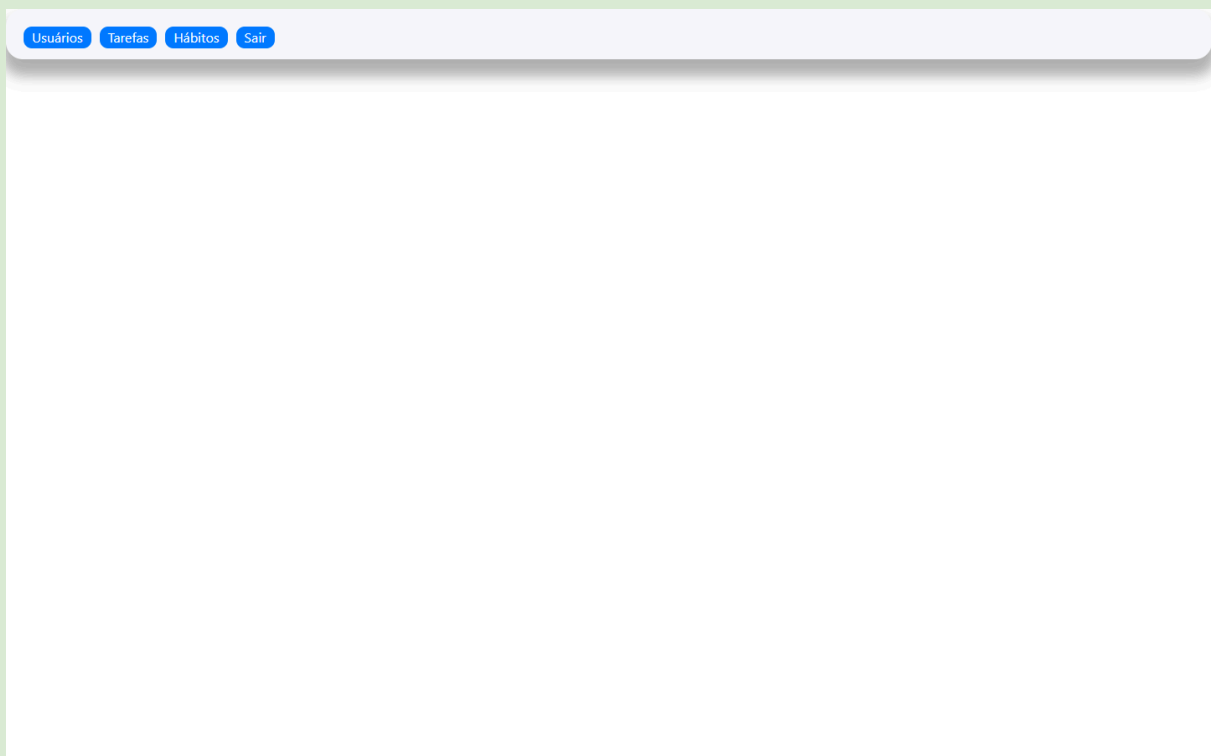

A login form titled "Login" with a light blue header. It contains two input fields: "Usuário" with the placeholder text "Digite seu usuário" and "Senha" with the placeholder text "Digite sua senha". Below the fields is a blue button labeled "Entrar". The form is styled with Bootstrap's default classes, including rounded corners and a subtle shadow.

BULMA ->

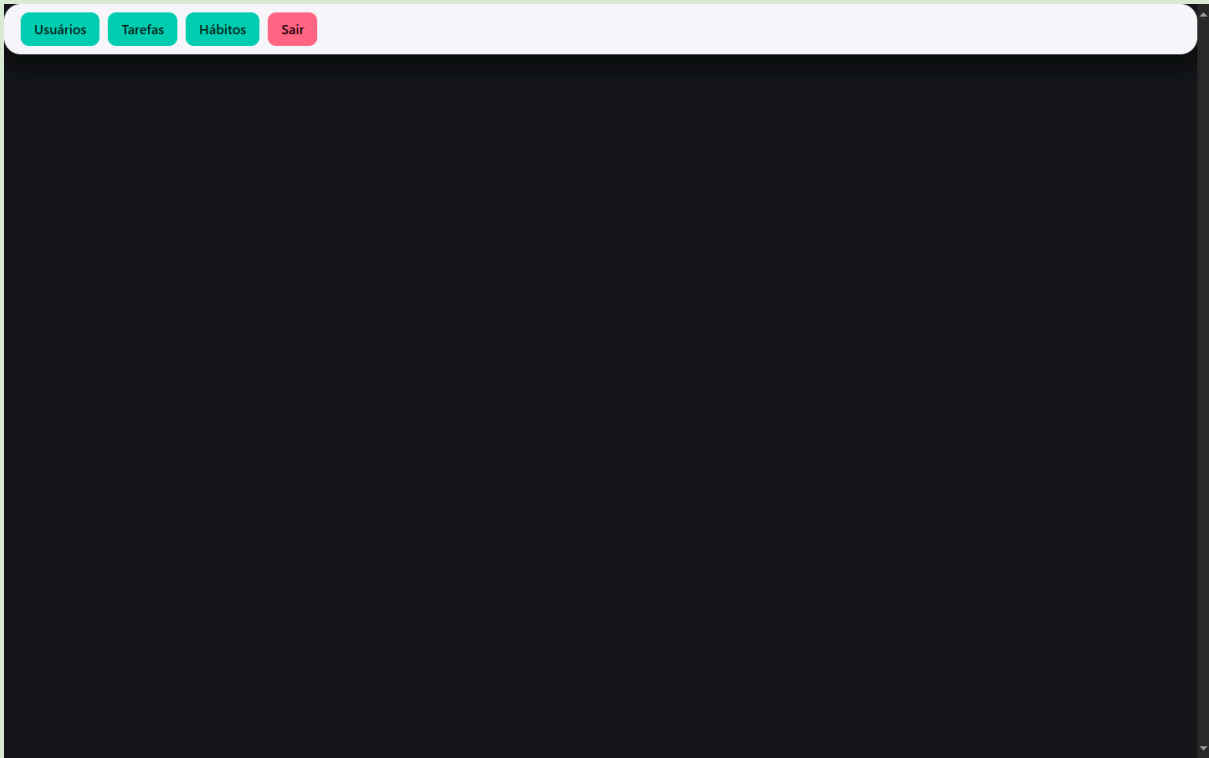

A login form centered on a dark navy blue background. The form is enclosed in a light gray box with rounded corners and a subtle drop shadow. At the top of the form, the word "Login" is written in bold black text. Below it, the label "Usuário" is followed by a text input field containing the placeholder "Digite seu usuário". Underneath, the label "Senha" is followed by another text input field with the placeholder "Digite sua senha". At the bottom of the form, there is a bright green button with the text "Entrar" in white. The entire interface is minimalist and modern, characteristic of the Bulma CSS framework.

TELA PRINCIPAL
BOOTSTRAP ->

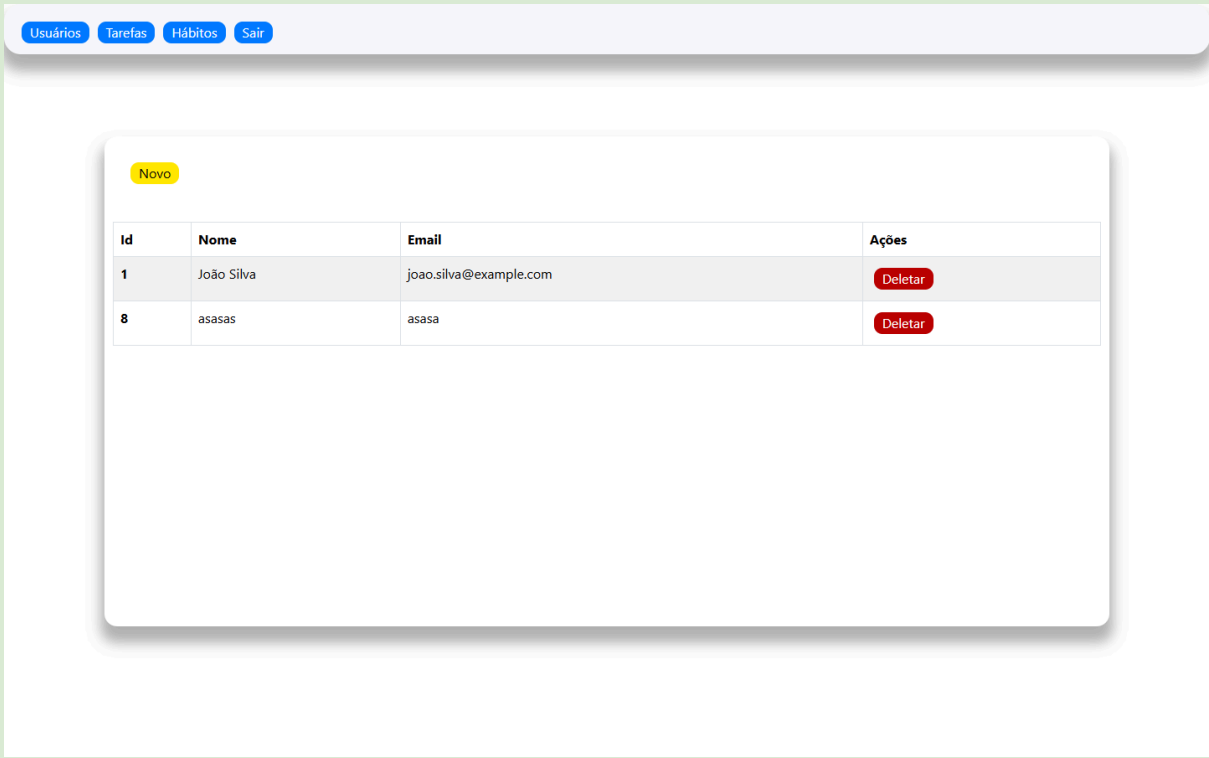

A main page layout featuring a light gray header bar at the top. Inside the header, there are four blue buttons with white text: "Usuários", "Tarefas", "Hábitos", and "Sair". The main body of the page is a large, empty white rectangle, suggesting a content area for a dashboard or application. The layout is clean and professional, typical of a Bootstrap-based web design.
